Why Have You

Been stricken with disease while your neighbor escaped, or vice versa? Both were alike exposed, but in one case the disease germs found lodgement in the impure blood and weakened system, while in the other the blood was kept pure by Hood's Sarsaparilla, and the body was in a condition of good health.

Hood's PILLS are purely vegetable and do not purge, pain or grip. Sold by all druggists.

Seattle beer is the proper food for old and young. It restores the elasticity and bloom of youth to the aged and infirm, and will cure consumption, if you take enough.

PURIFINE

Is the disinfectant that the world is talking about. In the United States its merits are becoming known. The people are using it. Purifine possesses many points in its favor over other preparations. It is odorless, and in employing it as a disinfecting agent, does not create another odor as offensive as that which it subdues. Non-poisonous too. That's an advantage—children will meddle; servants misunderstand; then there's trouble. Some one is poisoned.

Those who use it speak its praise in convincing language. Here's one from the Department of Medicine in the University of Michigan.

"We use Purifine and find it very good for deodorizing stinks and boxes, etc., and for washing sponges used about subjects for dissection. W. A. CAMPBELL, Demonstrator of Anatomy."

Upon you and explain the merits of "Purifine" and the "Automatic Distributors."
